Virtual Vendor Space

The National Indian Head Start Directors Association's purpose is to provide advocacy, leadership development and professional growth opportunities while preserving and respecting indigenous identity. This Management Training Conference is an annual event sponsored by NIHSDA and, historically, those in attendance have been the Head Start management teams, policy council representatives and tribal leadership. We expect approximately 400 Conference participants.

This year's theme is "**Celebrating 30 Years of Engaging, Empowering, and Educating AIAN Communities**" and we would like to invite you to participate as a virtual vendor.

We will be using Pathable as our virtual event platform, which allows you to customize your landing pages with your logo, description, tags, and even upload your own photos, videos, handouts and materials for participant download.

In addition to your exhibit page, we invite you to host a live 15-minute product demonstration during lunch.
