Edits
Okay

This resource can be edited based on written instructions.

This is developed for T/TA staff to use in training. While the content can be adapted and modified to meet audience needs, trainers should be careful not to alter the core messaging and content.

This resource was developed for the Office of Head Start by the National Center on Program Management and Fiscal Operations in April, 2018. It is for noncommercial use only.

Quality Indicators and Data

2018 NHSA National Conference

Welcome and Introductions

Who is with us today?

NATIONAL CENTER ON
Early Childhood
National Centers
Program Management and Fiscal Operations

Objectives

In this session participants will:

- Build data vocabulary and background knowledge
- Explore ways to strengthen data analysis skills
- Understand the critical concepts of a strong data management plan

WYOMING DEPARTMENT OF EDUCATION
WYOMING STATE BOARD OF EDUCATION
WYOMING STATE BOARD OF PROFESSIONAL EDUCATION
WYOMING STATE BOARD OF TECHNICAL EDUCATION
WYOMING STATE BOARD OF OCCUPATIONAL EDUCATION
WYOMING STATE BOARD OF COLLEGE EDUCATION
WYOMING STATE BOARD OF HIGHER EDUCATION
WYOMING STATE BOARD OF ALTERNATIVE EDUCATION
WYOMING STATE BOARD OF SPECIAL EDUCATION
WYOMING STATE BOARD OF EDUCATION

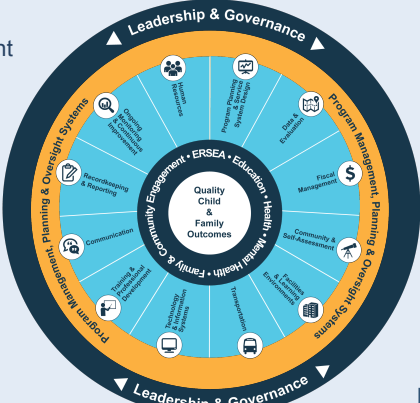

Technological Trends

- Increasing computational power
- Decreasing costs for data storage
- Increasing data collection

The Changing Landscape

Head Start programs should:

- Shift from “compliance-only” thinking to a culture of “continuous improvement”
- Move from being simply “good stewards” to demonstrating the impact of the investment in our communities

8

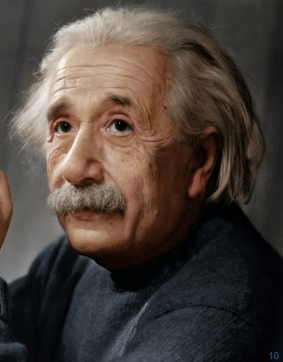

Organizational Self-Assessment

Where is your program on the following features:

- The language of data (data literacy)
- Data analysis (opportunities, skills, and techniques)
- Data management (four elements)
- Storytelling with data (data visualization, effective tools)

9

The Language of Data

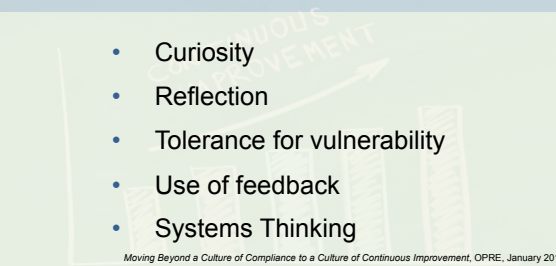

"Everything should be made as simple as possible, but no simpler."
—Albert Einstein

The Language of Data

- Data quality
- Data-driven decision-making
- Data management
- Data visualization
- Data privacy
- Data analysis
- Storytelling with data

The Culture Shift to Continuous Improvement

- Curiosity
- Reflection
- Tolerance for vulnerability
- Use of feedback
- Systems Thinking

Moving Beyond a Culture of Compliance to a Culture of Continuous Improvement, OPRE, January 2015

Core Competencies of Organizations with a Culture of Continuous Improvement

Core Competencies of Organizations with a Culture of Continuous Improvement

- The organization engages continuous improvement in performance excellence, because it is essential to our ability to sustain our competitive advantage.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.
- The organization has clearly defined roles and responsibilities for continuous improvement across the organization.

13

Change Leads to Change

Change in External Environment

Change in Management and Organizational Design

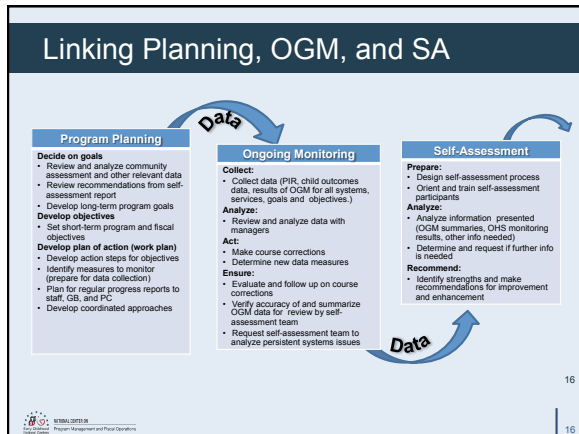

Change in Competitive Strategy

14

Leadership in Data Management

- Commitment of resources
- Analytic capacity
- Professional development

15

Analyzing Data

- What we want to achieve with the data is very important.
- Do we recognize the biases built into our analysis?
- How do we allow the data to inform our decision-making?
- What are the questions that the data leads us to?

17

The Data Cafe

- What stands out for you?
- What questions arise for you?
- What is clear?
- What is confusing?
- Does the data identify program strengths?
- Are there areas that need attention?

18

HSPPS 1302.101 Management of Program Data

Program data should be

- Available
- Usable
- Honest and accurate
- Secure

20

Consider the Balance of Power

21

Roles and Responsibilities

22

Guidance for Data Plan Development

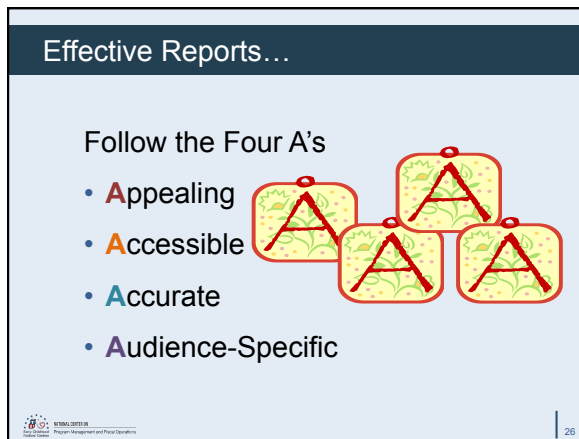

23

Telling Your Story Well

- Use data as an asset
- Use existing tools for reporting
- Stories bring us together and move us to action
- Know your audience
