The CLASS™ Module in ChildPlus.net calculates scores for domains:

- Emotional Support
- Classroom Operation
- Instructional Support

Compare your scores using thresholds:

- Lowest 10% Nationally FY 2012
- National Average FY 2012
- Re-Competition level

ID Scanning

Automatically track attendance and meals at point of service with an ID card and simple barcode scanner.
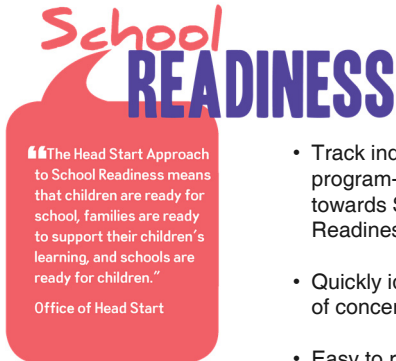

- Check each child in and out at exact time.

- Scan meals at point of service.

- Print ID cards directly from ChildPlus.net. You can choose how many cards to print and who uses them. Some ideas:

  - Give a card to parents.
  - Keep a card in the center's office.
  - Let teachers keep the cards.
 - Put the cards on the children.

School READINESS

"The Head Start Approach to School Readiness means that children are ready for school, families are ready to support their children's learning, and schools are ready for children."

Office of Head Start

- Track individual and program-wide progress towards School Readiness goals.

- Quickly identify areas of concern.

- Easy to run reports.

School Readiness Domains

Establish clear goals and show progression for the 5 essential domains:

1. Language and literacy development.

2. Cognition and general knowledge.

3. Approaches toward learning.

4. Physical well-being and motor development.

5. Social and emotional development.
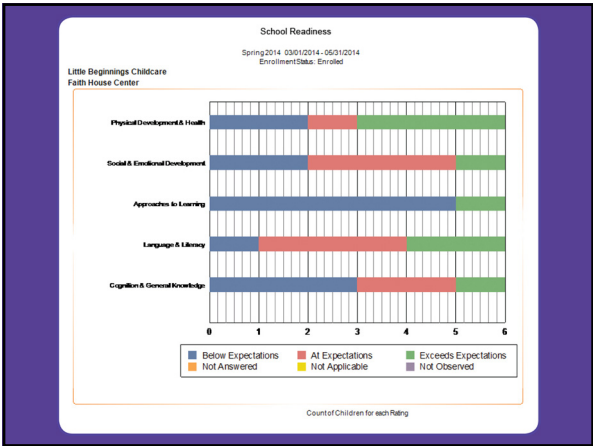

Fee Management Suite

Use FMS to streamline tracking of family fees, parent fees, co-pays, etc. for all fee based participants.

Create fee statements for parents!
